

ZENESIS™

**EARLY
ENTRY**

BLADE Z070

Introducing a new ZENESIS™ Early Entry blade, Z070. It was developed for those contractors who want to perform the early entry operation 1-3 hours after laying the concrete, if conditions warrant.

Green
Concrete

Z070

- ZENESIS™ Patterned Technology
- 10mm (.394") Segment Height
- 7 Bond

Application

- 1-3 Hour Green Concrete

Available Sizes

- 6", 6½", 8"

Z100

- ZENESIS™ Patterned Technology
- 10mm (.394") Segment Height
- 10 Bond

Application

- Very Hard Aggregate, Flint, Chert

Available Sizes

- 5", 6", 7", 8", 10", 12", 13½", 14"

Z150

- ZENESIS™ Patterned Technology
- 10mm (.394") Segment Height
- 15 Bond

Application

- Medium Hard Aggregate

Available Sizes

- 5", 6", 7", 8", 10", 12", 13½", 14"

Z200

- ZENESIS™ Patterned Technology
- 10mm (.394") Segment Height
- 20 Bond

Application

- Medium Hard Aggregate, Chert, Traprock

Available Sizes

- 5", 6", 7", 8", 10", 12", 13½", 14"

Z350

- ZENESIS™ Patterned Technology
- 10mm (.394") Segment Height
- 30 Bond

Application

- Medium Aggregate, Traprock, Quartz

Available Sizes

- 5", 6", 7", 8", 10", 12", 13½", 14"

Z550

- ZENESIS™ Patterned Technology
- 10mm (.394") Segment Height
- 50 Bond

Application

- Aggregate, Granite, Limestone

Available Sizes

- 5", 6", 7", 8", 10", 12", 13½", 14"
